

VALUE IMPACT of HEALTH CENTERS

Kansas City CARE Clinic

Federally Qualified Health Centers and other safety-net clinics such as **Kansas City CARE Clinic** provide tremendous value and impacts to their communities—from **JOBS** and **ECONOMIC STIMULUS** to local communities; **SAVINGS** to the health care system; **ACCESS** to care for vulnerable populations.

Highlights of **2016 contributions** are shown below.

JOBS and other positive impacts on the ECONOMY

227
TOTAL JOBS

\$23,358,474
TOTAL ECONOMIC IMPACT
of current operations.

\$3,168,840
ANNUAL TAX REVENUES

142 HEALTH CENTER JOBS
28 ENTRY-LEVEL and **45 SKILLED**
JOBS for community residents
85 OTHER JOBS IN THE COMMUNITY

\$11,608,082
DIRECT HEALTH CENTER SPENDING
\$11,750,392
COMMUNITY SPENDING

\$807,176
STATE AND LOCAL TAX
\$2,361,664
FEDERAL TAX REVENUES

SAVINGS to the health system

24%
LOWER COSTS FOR HEALTH
CENTER MEDICAID
PATIENTS

\$ 1 Million
SAVINGS TO
MEDICAID

ACCESS to care for vulnerable populations

5,958
PATIENTS
SERVED

23,347
PATIENT
VISITS

112
patients are
CHILDREN AND
ADOLESCENTS

5,846
patients are
ADULTS

91% of patients are
LOW-INCOME
(Below 200% of the
Federal Poverty Level)

58% of patients
identify as an
ETHNIC OR
RACIAL MINORITY

Capital Link prepared this Value + Impact report using 2016 health center audited financial statements and Uniform Data System information. Economic impact was measured using 2015 IMPLAN Online.

ACKNOWLEDGEMENTS

This report was funded by the [Missouri Primary Care Association](#) for use by Missouri health center organizations.

This report was developed by Capital Link, a non-profit organization that has worked with hundreds of health centers and Primary Care Associations for over 18 years to plan capital projects, finance growth, and identify ways to improve performance. We provide innovative consulting services and extensive technical assistance with the goal of supporting and expanding community-based health care. For more information, visit us online at www.caplink.org.

Summary of 2016 Total Economic Activity

Stimulated by Current Operations of

		Economic Impact	Employment (# of FTEs*)
Community Impact	Direct	\$ 11,608,082	142
	Indirect	\$ 3,404,320	23
	Induced	\$ 8,346,072	62
	Total	\$ 23,358,474	227

Direct # of FTEs (employment) based on HRSA 2016 UDS state level data for FQHCs.

Summary of 2016 Tax Revenue

		Federal	State
Community Impact	Direct	\$1,465,941	\$282,421
	Indirect	\$269,213	\$114,565
	Induced	\$626,510	\$410,190
	Total	\$2,361,664	\$807,176
Total Tax Impact		\$3,168,840	

*Full-Time Equivalent (FTE) of 1.0 means that the person is equivalent to a full-time worker. In an organization that has a 40-hour work week, a person who works 20 hours per week (i.e. 50 percent time) is reported as "0.5 FTE." FTE is also based on the number of months the employee works. An employee who works full time for four months out of the year would be reported as "0.33 FTE" (4 months/12 months).

VALUE IMPACT of HEALTH CENTERS

Kansas City CARE Clinic

HOW ECONOMIC IMPACT IS MEASURED

Using IMPLAN, integrated economic modeling software, this analysis applies the “multiplier effect” to capture the direct, indirect, and induced economic effects of health center business operations and capital project plans. IMPLAN generates multipliers by geographic region and by industry combined with a county/state database. It is widely used by economists, state and city planners, universities and others to estimate the impact of projects and expenditures on the local economy. This analysis was conducted using 2015 IMPLAN Online.

WHAT ARE DIRECT AND COMMUNITY IMPACTS?

Direct impacts result from *health center expenditures associated with operations, new facilities, and hiring.*

Community impacts can be indirect, resulting from *purchases of local goods and services, and jobs in other industries.*

Community impacts can be induced, resulting from *purchases of local goods and services at a household level made by employees of the health center and suppliers.*

A health center purchases medical devices from a local medical supply store.

The medical supply store purchases paper from an office supply store to print receipts and hires a local delivery service to transport the medical devices.

As local industries grow and household income increases, employees of the health center, medical supply store, office supply store, and delivery service spend their salaries in the community.
